

## Reading Rocks!

Tarkington Tigers are keeping track of the minutes that they read this summer. Just like during the school year with RAH, students should read 90 minutes a week. There are 10 weeks of summer, therefore students should read a minimum of 900 minutes in order to qualify for the prizes.

Everyone who reads 900 minutes this summer or more and returns their summer reading sheet will receive a water bottle that says "Reading Rocks!" In addition, one student at each grade level who completes the summer reading requirements will have a READ poster made of them that will be displayed in the library. If you complete the Indian Trails Summer Reading Program, you can bring back your completion sheet from them instead of the Tarkington calendar. Return your summer reading calendar to school no later than Friday, August 28<sup>th</sup> to qualify for these awesome prizes. You will be a Tarkington Reading Rock Star!
